

ACQUA FRESCA

AF-601

PERFECT FOR HOME OR OFFICE

Stylish design for any setting

- Bottle-less Filtered Water Cooler
- Reverse Osmosis Filtration
- Hot Water Safety Lock
- Stainless Steel Water Tank
- Water Level Indicator
- Mild Alkaline Mineral Infusion
- 3.5L Cold
- 2.5L Hot

Technical Specification

| | | | |
|------------|--------------------------|----------------------|---------------------|
| Model | CP-FR601SW | Cold Tank | 3.5L |
| Color | White | Hot Tank | 2.5L |
| Type | Freestanding | Rated Voltage | 120V/60Hz |
| Weight | 44.8 lbs. | Made in | South Korea |
| Dimensions | 10.2"(W)x19"(D)x44.5"(H) | Dispense Area Height | 7"(9" without tray) |

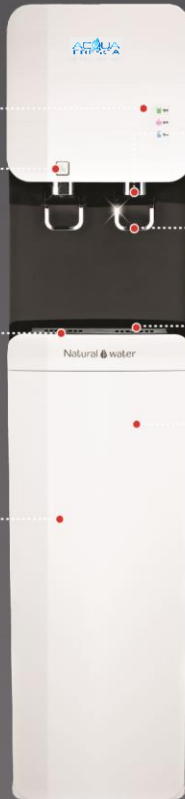

Features

Water Level Indicators
Hot & Cold Water

Safety Lock
Keep kids away from unexpected danger (Hot water lock)

5 Stages in 4 filters
Natural 2.0 or Post Carbon

Total of 6.0L Tank
Cold 3.5 L
Hot 2.5 L

2 Water Type
Hot & Cold Water

Detachable Spigot
For easy wash

Wide Design for Bowls
Easy to fill

Cooling & Heating
On/Off Switch
Individual power control to save electricity use

6 Stage Reverse Osmosis Filtration with Mineral

LEVEL **1**

Sediment Filter

Removes impurities (rust, deposits, particles, moss, sand, etc.) up to 5µm.

LEVEL **2**

Pre Carbon Filter

Removes heavy metals, odors, color, organic substances, chlorine, THM, VOCs, and etc.

LEVEL **3**

Reverse Osmosis

Removes lead, chromium, fluoride, waterborne micro organisms and microbes up to 0.001~0.0001 µm.

LEVEL **4-5**

Natural 2.0

Supplies critical mineral electrolytes (Calcium - Magnesium - Potassium) to produce mild alkaline healthy water.

Natural Plus Filter

Natural filter with charcoal and ceramic active carbon blocks germs and creates clean taste of natural water

Mineral eruption
Alkaline water to promote healthy body pH balanced

Hydrogen abundant to protect against ROS
